

Erin Hogan

Product designer based in Brooklyn

EXPERIENCE

Thumbtack | Product designer

AUGUST 2022 - PRESENT

- Primary designer on the Hiring Experience team, crafting AI-powered solutions that help homeowners express their project needs and confidently understand the scope of their job—driving 85% of searches to hiring readiness.
- Previously led design for the Guide Pod, achieving a 90% plan creation rate through onboarding improvements and introducing a scalable framework that boosted proactive project requests by 8%.
- Contributor to Thumbprint, Thumbtack's in-house open source design system, that is the building blocks for all things design at Thumbtack.
- Head of the Social Committee, strengthening team culture by organizing quarterly virtual and in-person events that foster belonging across the design org.

Alto | Product designer

NOVEMBER 2021 - AUGUST 2022

- Primary designer for the supply facing Integrated Products team.
- Designed Access Alto, a payment widget for users to invest with Alto on partner platforms.
- Redesigned the deal creation portal to accommodate new features, enhance education of the product, and prepare for the new SOA platform.
- Created and documented new components to Alto's design system that is used across product and engineering teams.
